General Clubmeeting Minutes 9-6-91

The Anchorage Amateur Radio Club general clubmeeting was opened at 7:14 PM by President Fred Wegmer, KL7HFM. Introductions and announcements were made.

Susan, NL7NN, hamfest chairperson, solicited help for cleaning up the hamfest site on Sept 17, 19 and 20. She also solicited for volunteers for just about every other aspect of the hamfest-setup and take down, admissions, membership booth, Parka booth, food booth, and other things.

Andy Fyodorov, RW3AH, from Moscow, Russia, gave an interesting short talk about the operation of amateur radio in the Soviet Union, and also about the setting up of a repeater for emergency purposes. He is the Chief Coordinator for the Russian Amateur Radio Emergency Service (RARES). He then answered several questions from the membership.

Fred brought up the subject of purchasing a computer for the club treasurer. Bill, AL7BB, presented a background on the subject to the membership. A heated discussion followed, which ended in the donation of a computer by (bless her heart) Mike, NL7AB.

After intermission, George Sharrock, NB4U, gave a very interesting discussion on the 1964 earthquake in which he detailed the problems created by the earthquake. He then described how amateur radio operators provided communications in dealing with the earthquake situation. His presentation was so interesting that he has been asked to return to discuss some of the causes and types of earthquakes.

After the presentation, the raffle was conducted. Kitty, NL7XC, won Lil's M & M candies, but has kindly allowed Lil permission to visit the candies from time to time. Lil was consoled by winning a leatherman's utility tool, which, fortunately, isn't made of chocolate, or she would have eaten it.

The meeting was closed at about 9:20 and was followed by the eatin' after the meetin'. Because she couldn't eat her raffle prize, Lil pigged out at Elmer's instead.

(Un)Repectfully Submitted,

*Lil Marvin*  
Lil Marvin NL7DL

Mr. Fred Toliver  
Anchorage Amateur Radio Club  
P.O. Box 19-1987  
Anchorage, Alaska 99510-1987

Dear Mr. Toliver,

I would like to take this opportunity to thank your organization for the donation of scholarship funds to Alaska Pacific University. I am a single mother struggling to complete my degree. It is wonderful that there are organizations in the community that are willing to contribute much needed dollars for students.

Thank you. I will honor your organization through continued academic achievement.

Sincerely yours,

Cheri A. Logan  
810 East 42nd Avenue #A  
Anchorage, Alaska 99503

## APPENDIX

Title 47 of the Code of Federal Regulations, Part 97, is amended as follows:

1. The authority citation for Part 97 continues to read as follows:

**Authority** 48 Stat. 1066, 1082, as amended; 47 U.S.C. §§ 154, 303. Interpret or apply 48 Stat. 1064-1068, 1081-1105, as amended; 47 U.S.C. §§ 151-155, 301-609, unless otherwise noted.

2. In Section 97.301(a), the line entries for the 1.25 m, 23 cm, and 1.2 cm bands are revised to read as follows:

**§ 97.301 Authorized frequency bands.**

\* \* \* \*

(a) \* \* \*

Wavelength band	ITU Region 1	ITU Region 2	ITU Region 3	Sharing requirements See § 97.303, Paragraph:
<u>VHF</u>	<u>MHz</u>	<u>MHz</u>	<u>MHz</u>	
*	*	*	*	*
1.25 m	---	222-225	---	(a), (e)
<u>UHF</u>	<u>MHz</u>	<u>MHz</u>	<u>MHz</u>	
*	*	*	*	*
23 cm	1240-1300	1240-1300	1240-1300	(h), (i)
<u>SHF</u>	<u>GHz</u>	<u>GHz</u>	<u>GHz</u>	
*	*	*	*	*
1.2 cm	24.00-24.25	24.00-24.25	24.00-24.25	(a), (b), (h), (o)
*	*	*	*	*

3. Section 97.303(i) is revised to read as follows:

**§ 97.303 Frequency sharing requirements.**

\* \* \* \*

(i) In the 1240-1260 MHz segment, no amateur station shall cause harmful interference to, nor is protected from interference due to the operation of, stations in the radionavigation-satellite service, the aeronautical radionavigation service, or the radiolocation service.

\* \* \* \*

### KL7AA 146.34/.94 Repeater Info

Welcome to the KL7AA 94 Repeater. The following commands are available to you as a registered user.

0\* \_\_\_\_\_ Is your Password. You will need this password to make standard Phone Patch's. Key and ID both your station and the repeater (KL7AA Repeater) then while holding your PTT down, dial 0\* \_\_\_\_\_ and unkey your radio, the repeater will respond with CONTROL UP, then key and dial \* xxx-yyyy, a seven digit number within the toll free area of Anchorage. When you unkey the repeater will respond with PHONE PATCH ON (then readback your number) and dial the number. when your party answers carry on normally, when your done with the call dial #, the repeater will respond with PHONE PATCH COMPLETE. Key one more time and dial 0\*\*, the repeater responds with CONTROL DOWN.

To use your AUTODIAL (a number stored in the computer) KEY AND ID then dial \* \_\_\_\_\_ (your assigned autodial location) or the location of friend you wish to call. The repeater will respond with AUTODIAL ON, and then read back ONLY the AUTODIAL LOCATION, BUT NOT THE NUMBER. Once again when your done with the patch, dial # and the repeater responds with PHONE PATCH COMPLETE.

Got a busy signal, within the next 10 minutes PROVIDING no one else use's the patch you can just KEY and ID then dial \*\* to re-dial the phone number or AUTODIAL location.

To use the EMERGENCY AUTODIAL system. Key and ID then dial:

911 - Emergency operator	912 - City Police Dispatch
913 - State Trooper Dispatch	914 - Security Police Elmendorf AFB
915 - Military Police Fort Rich	916 - Enstar Gas Dispatch
917 - FAA Flight Service	918 - Traffic Light maintaince
919 - AARC Club recorder	910 - Operator

When done with the Emergency patch dial # to terminate. Repeater responds with PHONE PATCH COMPLETE.

The Emergency patch is available 24 hours a day, the Autodial and Standard Autopatch are available from 0600 through 2230 weekdays, and 0700 - 2355 weekends.

Other commands available are:

- 80 - current time
- 4 - check Digital voice recorder for messages.
- 4 \* - Enter call of station you wish to leave a message for.  
Follow the prompts to leave the message. (10 seconds maximum!).
- 4 x - Where x is the number of the message you wish to listen to. ie: 4 1 gets the first message.
- 4 \*\* - Erase last message heard.
- 4 \*\*\* - Test your audio quality into the repeater. Key and ID, then dial 4 \*\*\*, unkey, then rekey and speak short test message. When you unkey the second time, the DVR will play back your test.

PLEASE REMEMBER TO KEY AND ID BEFORE! STARTING ANY OF THE REPEATER SERVICE'S. THIS KEEP THE TRUSTEE AND CONTROL OPERATORS HAPPY. AND IT AVOIDS HAVING YOUR ACCESS CUT OFF.

If you have problems, PLEASE DO NOT discuss access information on the air! Ask for a CONTROL OPERATOR for assistance, if we can help you on the air we will. if not we'll be happy to discuss on the phone or in person your problem, and assist you in the proper operation.

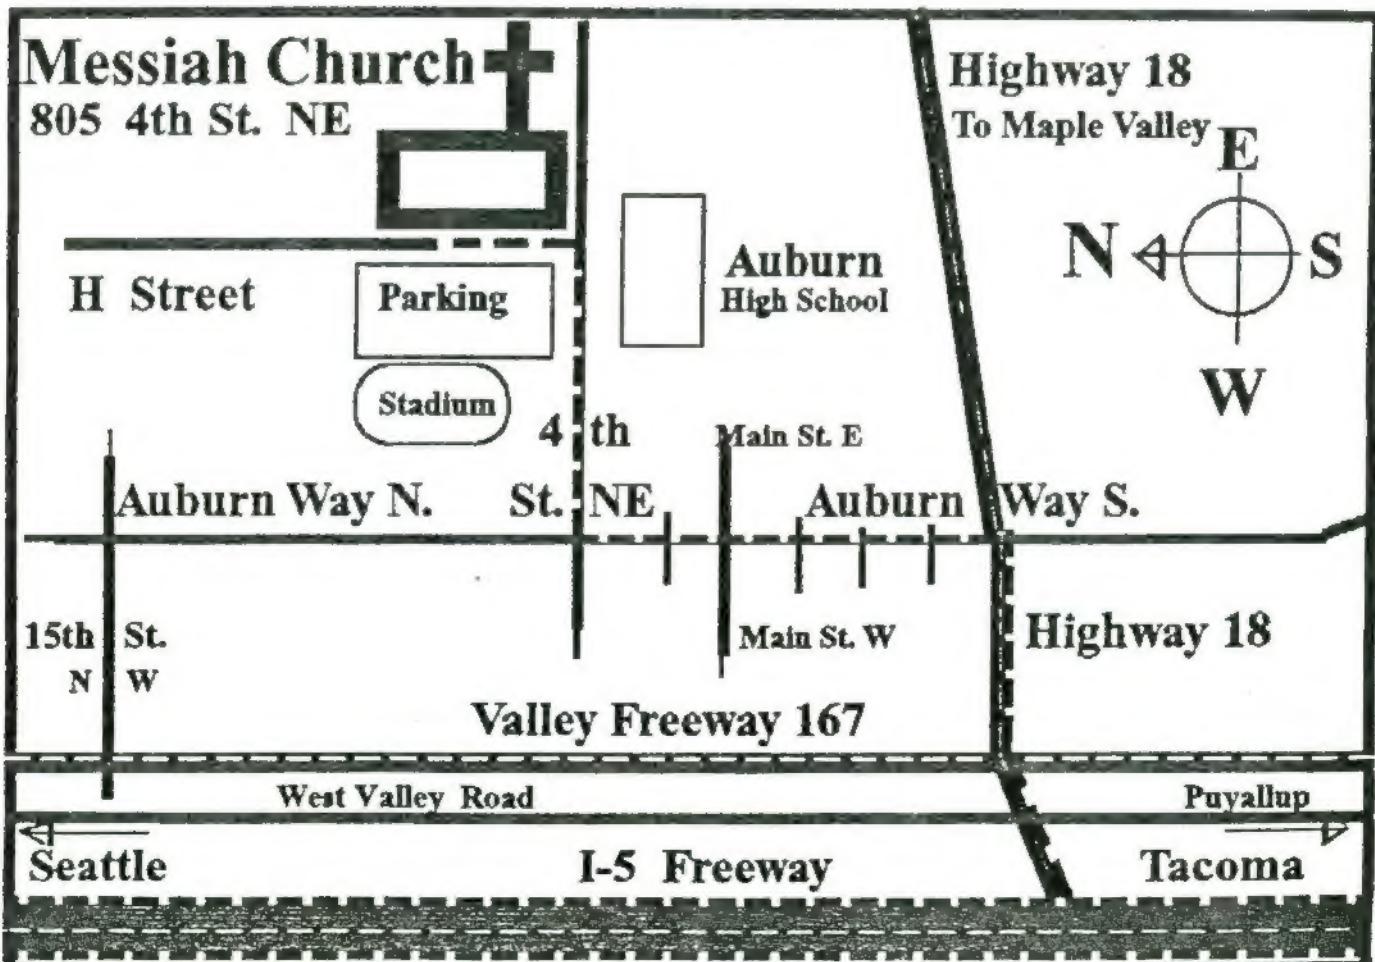

KL7ITI - Trustee. KL7YF - Control. KL7HD - Control. KL7HIU - Control, NL7HQ - Control. KL7IKX - Tech/Control.

Sunday 22 September 91

Just heard from KL7HFM that his wife Eve, had a stroke at home this morning about 930, she was rushed to Elmendorf Hospital where a CAT scan showed no blockage or tumors, Eve has lost Partial control of her left side, extensive Physical therapy will be required once she is released. KL7HFM will NOT be available for several days at least, as he will be spending all available time at the hospital.

Cards etc should be sent to :  
Fred Wegmer  
1910 Rosemary st.  
Anchorage, Ak 99508

We will keep Eve in our Prayers along with Fred, and hope you will do the same.

Doug

OST OST OST Monday PM 23 September 91

Just heard this evening from KL7HFM. His wife Eve is stable and more aware of the world around her, than Sunday. It will be a few more days at least before she is allowed to move around. There is Partial left side dysfunction, and her vision is somewhat obscured.

23 Dec 9
